CITY AND DISTRICT.

The special value of THE EVENING STAR half a dozen pairs of hands at least before being tossed aside. This is the advantage preented by a family newspaper.

Railroad Measures and Other Topics Dis-

ING ON A MEASURE IN WHICH THEY WERE INTER-

Washington Citizens' Association was held last evening and a considerable amount of business was transacted. The attendance was large and embraced a number of new members.

A REPORT ON BAILBOADS. The principal business before the association was the report of the committee on railroads, and when Mr. M. W. Wines, the chairman of

that all other legal requirements have been Columbia; Senate bill 1433—To incorporate the Washington and Bladensburg Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1740—To define the route of the Baltimore and Ohio railroad in the District of Columbia and for other purposes; Senate bill 1876—To incorporate the East Washington Cross-town Railway Company of the District of Columbia, and Senate bill 2003—To incorporate

Cross-town Railway Company of the District of Columbia, and Senate bill 2003—To incorporate the Washington Central Railway Company.

I am instructed to report thereon as follows: 709. There is no objection to the proposed route of said road, as far as it relates to East Washington, except that portion from Tennessee avenue and Lincoin Park by way of 11th street east and North Cerolina avenue to the street east and North Carolina avenue to the junction of the latter with Pennsylvania avenue southeast. In the judgment of the committee there are many substantial reasons why a street railway should not be allowed on that part of North Carolina avenue mentioned in the bill and no reason founded on public nesecessity or convenience why it should be permitted.

portion of the route proposed in this bill ex-tending from the junction of 2d and B streets southeast to the junction of Maryland and Florida avenues at 15th street northeast should

venience to that portion of East through which it would pass. 1876. This bill proposes a cross-town road upon a route which it is believed will meet the hearty approval of every member of the association. The need of such a road has long been felt, and it is hoped that this bill may speedily need into a leave that this bill may speedily

pass into a law.

2003. The route proposed in this bill is, as its title indicates, a central one between the heart of the business portion of the city west of the Capitol and that part of Northeast Washington

capitol and that part of Northeast Washington lying between East Capitol street on the south and H street on the north. No portion of the city had a larger or more substantial growth during the past year than that part of the northeast situated within the limits named, and nowhere within the District is there a greater or more upon page 1500 and 1500 a greater or more pressing need for adequate railroad facilities. THE B. AND O. BILLS.

814 and 1740. These two bills relate to the location of the tracks, station, &c., of the Baltimore and Ohio railroad within the city. The former (814) is known as the Chandler bill, the fatter (1740) as the Faulkner bill. Both provide that the road shall enter the city at the intersection of Delaware avenue and Boundary street. Both provide for four tracks on Delaware avenue, but the Chandler bill stops the road at the north line of H street northeast, while the Faulkner bill not only allows it to come to its present terminus but grants in. come to its present terminus, but grants im-portant new privileges involving the closing of several streets, including North Capitol street, from the north line of C street to the south from the north line of C street to the south line of Massachusetts avenue, three squares. The committee have not had the time to give these important bills the extended considera-tion that they should receive, but they do not hesitate to say that if either of them is to pass the Chandler bill will afford far more relief to the northeast section of the city than the Faulk-ness bill and is greatly to be preferred to the

ner bill, and is greatly to be preferred to the latter.

Members of the committee have appeared before the District Commissioners from time to time when bearings have been held by them on any of the above mentioned bills, and have expressed views in accordance with the tenor of this report.

OBJECTIONS TO THE "CROSS-TOWN" ROAD. Mr. A. Girouard spoke against that portion of the report recommending the occupancy of 7th street northeast by a railroad. The street, he said, was a narrow one. Then again he thought it improper that incorporators of a street railroad should sit as a committee on railroads, and favorably report such a bill to the association. He understood that several members of the committee on railroads were incorporators in the road referred to.

Mr. M. W. Wines, chairman of the committee desired that it was incorporators for incorporators.

Mr. M. W. Wines, chairman of the commit-tee, denied that it was improper for incorpora-tors of a street railroad to compose a commit-tee on railroads and favorably report the bill in which they were interested. If a railroad was a public necessity, and the one proposed, be said, certainly was, it was surely no crime for a member of any committee to favorably report upon it, even though they were inter-ested in the project.

Mr. M. I. Weller also denied the impropriety imputed by Mr. Gironard and he was proceed-

Mr. M. I. Weller also denied the impropriety imputed by Mr. Gironard and he was proceeding to refute the charge when Mr. Wines asked him to yield for a moment so as to allow him to introduce a resolution bearing directly upon the subject. Mr. Weller yielding, a resolution was offered indorsing Senate bill 1876—a bill to incorporate the East Washington Cross-town Railway Company, and Senate bill 2003—a bill to incorporate the Washington Central Street Railway Company, and earnestly requesting the Commissioners to recommend and urge the passage of said bills to Congress.

The previous question being called for the president stated the matter before the association was on the motion of Mr. J. W. Brown to accept the report of the committee on railroads. Upon a vote the motion was carried, Mr. Girouard being the only dissenter.

FOR AND AGAINST THE BILL.

Consideration on the resolution above referred to was then called for and Mr. Weller struction of the road proposed would be of great benefit to East Washington. Messrs. F. A. Lehmann, E. J. Summers, J. W. Brown and J. Loring Chappell spoke in favor of the bill. rose to continue his remarks. He mid the con-

streets mentioned are parts of 18th and 19th streets east, which lie between the north side of G street south and the north side of Water street, and also those parts of South G and South H streets which lie between 17th and 20th

streets east.

The Senate committee on the District of Columbia has already favorably reported the measure to the Senate.

The resolution was adopted.

PROPOSED LEGISLATION CONCESNING CORPORA The committee to draft proposed legislation through its chairman, Mr. O. B. Hallam, pre-sented a report on the resolution adopted at the last meeting in reference to corporations. The main evils to be remedied, the report states, are the inequality of requirements made of foreign and domestic corporations respectively, the lack of local supervision, the lack of homogeneity between the directors and the place of incorporation and the lack of uniformity in twestign. A draft of a bill which it was

of incorporation and the lack of uniformity in taxation. A draft of a bill, which, it was claimed, cured the faults mentioned, was submitted. This bill provides:

"That, in addition to the requirements of existing laws, before any corporation, whether incorporated within or without the District of Columbia, is authorized to transact business within said District it shall file in the office of the District Commissioners a copy of the artiwithin said District it shall file in the office of the District Commissioners a copy of the arti-cles, certificate or act of incorporation and a list of its directors, trustees or managers, as the case may be, with a statement of their resi-dences, accompanied by the affidavit of its chief officer, and, in cases of corporations hereafter created or commencing business in the Dis-trict, showing that a majority of such directors, cles, certificate or act of incorporation and a list of its directors, trustees or managers, as the committee on railroads at the last meeting of the association the committee have held several meetings, at which the following bills relating to proposed railroads affecting East Washington have been considered, viz: Senate bill 709—To incorporate the District of Columbia, Suburban Railway Company; Senate bill 802—To incorporate the Washington and Beating or alivoad in the District of Columbia; Senate bill 1433—To incorporate the Baltimore and Ohio railroad in the District of Columbia; Senate bill 1314—To incorporate the Washington and Brookland Railway of the District of Columbia; Senate bill 1314—To incorporate the Washington and Bladensburg Street Railway Company; Senate bill 1433—To incorporate the Washington and Bladensburg Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate bill 1493—To incorporate the Washington Northeastern Street Railway Company; Senate

provisions of the act within three months after its passage, and each year every corporation doing business in the District shall file with the assessor of the District a report, showing the gross receipts during the preceding calen-dar year from business in said District, and pay to the collector of taxes, in lieu of all other taxes on personalty, a tax of 2 per cent on such gross receipts, and the certificate of authority to transact business shall not be renewed until

are excepted from this requirement.

As the bill was incomplete a motion was carried authorizing the chairman to advertise for a public hearing and discuss the matter fully.

The report and bill were then recommitted. A SURSTITUTE FOR ROCK CREEK PARK.

Under the head of new business, Mr. M. Weller offered a resolution, which was adopted, southeast to the junction of Maryland and Florida avenues at 15th street northeast should be disapproved, for the reason that no railroad onght to be permitted on 2d street east from B south to Maryland avenue, and for the further reason that a better route for the accommodation of the northeastern section is proposed in Sunate bilt No. 2003. We think that the route proposed in this bill (802) from the junction of Florida avenue and Benning road to the eastern section is proposed in this bill (802) from the junction of Florida avenue and Benning road to the eastern that a better route is afforded by the proposed in this bill (802) from the junction of Maryland avenue, and 15th street in the proposed in this bill (802) from the junction of Maryland avenue and 15th street in the proposed in this bill (802) from the junction of Maryland avenue and 15th street in the proposed in this bill (802) from the route proposed in this bill from its initial point to the junction of Maryland avenue and 15th street in ortheast should be disapproved for the reason that it failed to recognize that a better route is afforded by the proposed Washington Central railway. If proper proved, we will be stoned to the committee can see no objection to the route from the intersection of the junction of the preding difficulty would be to abandon entirely the idea of forming a park on narrow the channel from the Navy Yard bridge northward to the portion of this bill that relates to East Washington, provided the company is required to the proposed in this bill, but on the contrary believe the road, with than ninety feet.

1334. The committee find no objection to that the proposed in this bill, but on the contrary believe the road, if built, would be a great convenience to that portion of East Washington.

1485. The committee find no objection to the route proposed in this bill, but on the contrary believe the road, if built, would be a great convenience to that portion of East Washington. setting forth that "it is universally admitted

Mr. O. B. Hallam, by request, introduced committee on public parks and spaces to inquire into and report as to the expediency of grading and improving the public space around the Eastern market and engine house No. 8, and the erection thereon of sheds for the protection of the stands of persons coming from the country.

House bill 2686, providing for the removal of the wall surrounding square 927 and certain buildings erected thereon, and for the opening of said square as a public park, was then considered. The wall referred to is that about the marine barracks. The bill was sent to its proper committee.

THE R. AND O. BILL AGAIN. Upon a suspension of the rules Mr. J. Lor-ing Chappell offered a resolution protesting, in the name of the association, against Senate bill 1740, to define the route of the B. and O. railroad in the District of Columbia.

The resolution was referred to the committee

The resolution was referred to the committee on railroads, as was the one of Mr. Hallam's, submitted afterward, requesting that the chairman of the committee on railroads inquire into the expediency of transfer lines providing proper shelter and waiting places at points of passenger transfer.

The meeting then adjoured. A number of new members signed the constitution.

President Babson has named the following additional committee: Committee on health, police and charities, Wm. Headley, Dr. W. P. C. Hazen, Neil Dumont, Fred. G. Dietrich, Andrew J. Curtis, Dr. J. E. Littlewood and Mrs. Emily J. Briggs; committee on property, rights and titles, John H. Oberly, B. C. Colonna, Wm. Mayse, T. B. Marche, Eugene Peters and J. J. S. Nassler.

Destroyed by Fire. Transparent ice works, Richmond, Va. Loss \$11,000. The Waggoner Hotel at Morgansfield, Ky.

Loss, \$50,000. John A. Roebling's Sons Co.'s three-story brick braiding shop, Trenton, N. J. The dwelling houses of Wm. Ratzinberger Wm. George and James Fox, at William Penn mear Girardville, Pa. Loss, \$8,000.

Mrs. Mary Roid's residence, near New Brunswick, N. J. Loss, \$8,000. Also the restaurant of D. Kelley, on Burnett street. Loss, \$4,000.

Banker Dill Acquitted. The trial of William H. Dill in the quarter essions of Clearfield county, Pa., ended yesterday afternoon in a verdict of not guilty, but defendant must pay the costs. The first prosecution instituted against Mr. Dill, in which some of the depositors of the Houtzdale Bank were prosecutors, was abandoned at the December term. Then John B. McGrath, cashier of the same bank, made an information charging Mr. Dill, who was his partner and president of the bank, with embezzling \$25.000 as a partner, and that is the case that was tried yesterday.

The will of the late Joseph P. Bradley, asso late justice of the Supreme Court of the United States, was admitted to probate in Newark, N. J., by Surrogate Dusenberry yesterday. It is dated September 15, 1891, and was executed in Litchfield, Conn. It was witnessed by Sidney Dillon of New York, G. H. Wiggin and John W. Hubbard, and leaves all his estate, real and personal, to his widow during her life. At her death the estate is to be divided between his daughters, has son and the children of his dead son. Charles Bradley is the sole executor. His inventory of the estate has not been filed. "Electrothanizations" Can Now Be Reported. Gov. Flower has signed the bill allowing

newspapers to publish details of electrotha

Albert M. Johnson of Wilmington, Va., town clerk, treasurer and tax collector, is missing, and with him quite an amount of town money. YOU CANNOT GO

To Carlsbad, but you can have Carls-Mr. Wine's resolution was then unanimously adopted.

Mr. F. A. Lehmann, from the committee on streets, avenues and alleys, favorably reported and urged the adoption of House bill 878, which proposes to grant to the vestry of the Washington parish the use of parts of certain streets of this city now inclosed within the commetery for the use of the Congressional cometery. The

A Common-Sense Remedy.

In the matter of curatives what you want is something that will do its work while you continue to do yours-a remedy that will give you no inconvenience nor interfere with your business. Such a remedy is 'ALLCOCK'S POROUS PLASTERS. These plasters are not an experiment; they have been in use for over thirty years, and their value has been attested by the highest medical authorities, as well as by voluntary testimonials from those who have used them.

ALLCOCK'S POROUS PLASTERS are purely vegetable and absolutely harmless. They require no change of diet and are not affected by wet or cold. Their action does not interfere with labor or business; you can toil and yet be cured while hard at work. They are so pure that the youngest, the oldest, the most delicate person of either sex can use them with great

Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to
